TAPES BAKU 2026

Turkish Association of Pediatric Endocrine Societies · Türk Pediatrik Endokrin Dernekleri Birliği

1st TAPES International Scientific Conference

Current Approaches in Pediatric Endocrinology

ORAL PRESENTATION PROGRAM

Oral presentations of abstracts accepted for publication

27–28 November 2026

Holiday Inn Baku, 5 Keykab Khanim Safaraliyeva St., Baku, Azerbaijan

IMPORTANT NOTE: All presentation slides must be prepared in **English**. Oral presentations may be delivered in **Turkish or English**.

ÖNEMLİ NOT: Tüm sunum slaytları **İngilizce** hazırlanmalıdır. Sözlü sunumlar **Türkçe veya İngilizce** yapılabilir.

Hall A · Hall B · 34 presentations · 2 days · 2 halls

1 DAY 1 Friday, 27 November 2026

HALL A 14:20–15:00

6 presentations · A1–A5: 7 min (5 min presentation + 2 min discussion) · A6: 5 min

Chairs: *Prof. Dr. Mehmet Nuri Özbek, Assoc. Prof. Dr. İhsan Turan*

A1 14:20–14:27 — **Comparative Analysis of Type 1 Diabetes Mellitus in Children**

Mammadova N.M., Ibrahim N.I., Kazimzade Z.V., Taghiyeva A.N., Eynalova M.K.

Azerbaijan Medical University, Department of Pediatric Diseases II & Children's Clinical Hospital No 6, Baku, Azerbaijan

A2 14:27–14:34 — **Real-World Continuous Glucose Monitoring with the Anytime 5 System: On-Target GMI May Mask Hypoglycaemia in Type 1 Diabetes**

Gunduz Ahmadov

Azerbaijan Medical University, II Department of Pediatric Diseases, Baku, Azerbaijan

A3 14:34–14:41 — **Evaluation of Fatty Liver in Adolescents with Hashimoto's Thyroiditis Using Ultrasound Attenuation Scores: A Prospective Study**

Fatma Özgüç Çömlek, Emine Uysal

Selçuk University, Medical Faculty, Division of Pediatric Endocrinology & Division of Radiology, Konya, Türkiye

A4 14:41–14:48 — **Hereditary Disorders in Patients with Cryptorchidism: Clinical and Genetic Aspects**

Sultanova Sh.T., Alimov A.V., Samadova U.S., Salikhova Z.A., Kobilova S.B., Froyanchenko G.A., Mamatkulova D.Kh.

Republican Specialized Scientific and Practical Medical Center of Endocrinology, Tashkent; Kimyo International University, Tashkent; Samarkand State Medical University, Samarkand, Uzbekistan

A5 14:48–14:55 — **Timing of Orchidopexy in Cryptorchidism and Long-Term Testicular and Spermatogenic Outcomes**

Sultanova Sh.T., Alimov A.V., Samadova U.S., Kobilova S.B., Froyanchenko G.A.

Republican Specialized Scientific and Practical Medical Center of Endocrinology, Tashkent; Kimyo International University in Tashkent, Tashkent, Uzbekistan

A6 14:55–15:00 — **Epidemiology of Type 1 Diabetes in Children in Azerbaijan: Trends from 2017 to 2025 and Projections for 2026–2030**

Zulfiyya Kazimzade, Gunduz Ahmadov

Republican Pediatric Center, Narimanov Children's Clinical Hospital, Baku & Department of Pediatric Diseases II, Azerbaijan Medical University, Baku, Azerbaijan

HALL B 14:20–15:00

8 presentations · 5 minutes per presentation

Chairs: *Prof. Dr. Şükran Poyrazoğlu, Prof. Dr. Nihal Hatipoğlu*

B1 14:20–14:25 — **Beyond the Initial Diagnosis: Clinical Clues, Diagnostic Challenges, and the Impact of Molecular Diagnosis in Pediatric MODY**

Özge Kaynar Sidimi, Ceren Karakoyunlu, Hande Turan

Istanbul University-Cerrahpaşa, Cerrahpaşa Faculty of Medicine, Department of Pediatrics, Division of Pediatric Endocrinology, Istanbul, Türkiye

B2 14:25–14:30 — **Characteristics of Children Presenting with Diabetic Ketoacidosis and Evaluation of Diabetic Ketoacidosis Acute Complications**

Ibrahim Dikmen, Zhala Abdullayeva, Ilkyaz Türktan, Eda Didem Kayakıran, Emine Kübra Şen, Elif Özsu, Zehra Aycan, Zeynep Şıklar

Ankara University Faculty of Medicine, Department of Pediatric Endocrinology, Ankara, Türkiye

B3 14:30–14:35 **Lipid Profile in Children and Adolescents with Type 1 Diabetes: Relationship with Glycemic Control and Diabetes Duration**
Ayşe Karadağ, Emine Kaygı, Aynura Aliyeva, Sefa Metin, Çiğdem Karakükçü, Ülkü Gül Şiraz, Nihal Hatipoğlu
Bingöl Training and Research Hospital, Bingöl; Erciyes University Faculty of Medicine, Kayseri; Bandırma Onyedi Eylül University Faculty of Medicine, Balıkesir, Türkiye

B4 14:35–14:40 **Childhood Obesity and Urine Chemistry: Uncovering Early Clues to Stone Formation**
Neşe Akcan, İlke Beyitler
Near East University, Faculty of Medicine, Department of Pediatrics, Nicosia, Cyprus

B5 14:40–14:45 **Can Mid-Upper Arm Circumference Predict Insulin Resistance and Dyslipidemia in Children and Adolescents with Obesity?**
Şükriye Tuğçe Çelebi, Fatma Kanat, Mehmet Bulut, Hakan Onur, Mehmet Nuri Özbek
Mardin Training and Research Hospital, Mardin; Mardin Artuklu University, Faculty of Medicine, Mardin; Memorial Diyarbakır Hospital, Diyarbakır, Türkiye

B6 14:45–14:50 **Clinical and Laboratory Characteristics of Children with Growth Hormone Deficiency in the Republic of Uzbekistan**
Kamola Kalanxodjayeva, Nasiba Alimova, Khurshidakhon Nasirova
Tashkent State Medical University & Republican Specialized Scientific and Practical Medical Center of Endocrinology, Tashkent, Uzbekistan

B7 14:50–14:55 **Height SDS 'Catch-Down' During GnRH Analogue Treatment in Central Precocious Puberty and Achievement of Target Height**
Emine Kaygı, Ayşe Karadağ, Aynura Aliyeva, Ülkü Gül Şiraz, Nihal Hatipoğlu
Erciyes University Faculty of Medicine, Division of Pediatric Endocrinology, Kayseri & Bingöl Training and Research Hospital, Bingöl, Türkiye

B8 14:55–15:00 **Evaluation of Metabolic Health Indicators in Children Diagnosed with Congenital Adrenal Hyperplasia**
Zhala Abdullayeva, Ibrahim Dikmen, Eda Didem Kayakıran, Emine Kübra Şen, Sedef Bayar, Elif Özsu, Zehra Aycan, Zeynep Şıklar, Merih Berberoğlu
Ankara University Faculty of Medicine, Department of Pediatric Endocrinology, Ankara, Türkiye

2 DAY 2 Saturday, 28 November 2026

HALL A **12:30–13:30** 8 presentations · 7 minutes per presentation (5 min presentation + 2 min discussion)

Chairs: *Prof. Dr. Şükran Poyrazoğlu, Assoc. Prof. Dr. Gunduz Ahmadov*

A1 12:30–12:37 **An Overlooked Finding in Children Presenting with Elevated TSH: Iodine Deficiency**
Seçil Çakır Gündoğan, Behiye Sarıkaya Özdemir, Şenay Savaş Erdeve
Ankara Etlik City Hospital, Department of Pediatric Endocrinology & University of Health Sciences, Ankara, Türkiye

A2 12:37–12:44 **Clinical Characteristics and Long-Term Outcomes of Pediatric Graves' Disease: A Single-Center Experience**
Mert Uçar, Elvan Bayramoğlu
Istanbul University-Cerrahpaşa, Cerrahpaşa Faculty of Medicine, Department of Pediatric Endocrinology, Istanbul, Türkiye

A3 12:44–12:51 **Evaluation of Clinical, Hormonal, and Treatment Characteristics in Pediatric Prolactinoma Cases: A Single-Center Experience**
Aynura Aliyeva, Ayşe Karadağ, Emine Kaygı, Ülkü Gül Şiraz, Nihal Hatipoğlu
Erciyes University Faculty of Medicine, Division of Pediatric Endocrinology, Kayseri & Bingöl Training and Research Hospital, Bingöl, Türkiye

A4 12:51–12:58 **Clinical, Laboratory, and Cranial MRI Characteristics and Evaluation of Post-Treatment BMI and BMI SDS in Girls Diagnosed with Central Precocious Puberty: A Single-Center Experience**
Ebru Gök
Kayseri City Training and Research Hospital, Division of Pediatric Endocrinology, Kayseri, Türkiye

A5 12:58–13:05 **Examination and Treatment of a Patient Diagnosed with Adrenogenital Syndrome, Virilizing Form**
S.M. Nasirova
Azerbaijan Medical University, Department of Pediatrics II, Baku, Azerbaijan

A6 13:05–13:12 **Clinical Spectrum and Inheritance Patterns in IPPSD2 and IPPSD3: A Single-Center Experience**
Rabia Çoban, Seda Çakmaklı, Eda Çelebi Bitkin, Esra Deniz Papatya Çakır
University of Health Sciences, Bakırköy Dr. Sadi Konuk Training and Research Hospital, Department of Pediatric Endocrinology & Department of Medical Genetics, Istanbul, Türkiye

A7 13:12–13:19 **Performance of a Large Language Model on Pediatric Endocrinology Test Questions Across Common Disorders**
Yayra Abdullaeva, Nasiba Alimova
Tashkent State Medical University & Republican Specialized Scientific and Practical Medical Center of Endocrinology, Tashkent, Uzbekistan

A8	13:19–13:26	**HbA1c Changes Following Reimbursed Sibionics Use in Türkiye and Associations with CGM Metrics Across Different Reporting Periods** Ilayda Altun, Özge Kaynar Sidimi, Olcay Evliyaoğlu *Istanbul University-Cerrahpaşa, Cerrahpaşa Faculty of Medicine, Department of Pediatric Endocrinology, Istanbul, Türkiye*
·	13:26–13:30	*General discussion and closing of the session*

HALL B 12:30–13:30

12 presentations · 5 minutes per presentation

Chairs: *Prof. Dr. Nihal Hatipoğlu, Dr. Zulfiya Kazimzade*

B1	12:30–12:35	**Immunological Abnormalities in Children with Autoimmune Endocrine Diseases: Association with Multiple Autoimmunity** Yasemin Kınalı Çetin, Şule Büyük Yaytokgil, Emine Vezir *Ankara Training and Research Hospital, Department of Pediatric Endocrinology & Department of Pediatric Immunology and Allergy Diseases, Ankara, Türkiye*
B2	12:35–12:40	**MASLD in Adolescents with Obesity: Combined Evaluation of Central Adiposity, Dyslipidemia, and Genetic Susceptibility** Shahri Khudiyeva, Sacide Pehlivan, Aylin Yetim Şahin *Istanbul University, Istanbul Faculty of Medicine, Department of Pediatrics & Department of Medical Biology, Istanbul, Türkiye*
B3	12:40–12:45	**Endocrine Comorbidity in Children with Bronchial Asthma** T.T. Panakhova *Azerbaijan Medical University, Department of Pediatrics II, Baku, Azerbaijan*
B4	12:45–12:50	**Inhibin A and Inhibin B in Predicting the Pubertal LH Response in Girls** Saliha Ahmetoğlu *Kanuni Training and Research Hospital, Department of Pediatric Endocrinology, Trabzon, Türkiye*
B5	12:50–12:55	**IGF-1 and IGFBP-3 Cut-off Values for Predicting Pubertal Activation in 6–8-Year-Old Girls with Tanner Stage 2 Breast Development and Their Relationship with Gonadotropins, Estradiol and DHEA-S: A Retrospective Evaluation** Saliha Ahmetoğlu, İsmail Topal *Kanuni Training and Research Hospital, Department of Pediatric Endocrinology & Department of Pediatrics, Trabzon, Türkiye*
B6	12:55–13:00	**3β-Hydroxysteroid Dehydrogenase Type 2 Deficiency: Clinical and Genetic Characterization and Prenatal Diagnosis in a High-Risk Family** Sultanova Sh.T., Alimov A.V., Salikhova Z.A., Kobilova S.B., Froyanchenko G.A. *Republican Specialized Scientific and Practical Medical Center of Endocrinology, Tashkent & Kimyo International University in Tashkent, Tashkent, Uzbekistan*
B7	13:00–13:05	**Solid Right Adrenal Mass with Antenatal Presentation: Challenges in Differential Diagnosis** K.I. Khalmatova, G.N. Rakhimova, Z.Y. Khalimova, N.U. Alimova, Sh.T. Sultanova, A.A. Siddikov *Republican Specialized Scientific and Practical Medical Center of Endocrinology, Tashkent, Uzbekistan*
B8	13:05–13:10	**Contribution of Four-Dimensional Computed Tomography in the Localization of Parathyroid Lesions in Pediatric Primary Hyperparathyroidism** Ertuğrul Sancak, Muammer Büyükinan, Ahmet Fatih Yılmaz, Berna Karslı, Fuat Buğrul, Fatma Özgüç Çömlek, Mehmet Öztürk *Selçuk University, Department of Pediatric Endocrinology & Department of Radiology, Konya, Türkiye*
B9	13:10–13:15	**A Diagnostically Challenging Case of Pseudohypoparathyroidism Type 1B: Endocrine Awareness in Bone Cysts** Ibrahim Dikmen, Zhala Abdullayeva, Mustafa Doğan, İlkyaz Türktan, Fatma Yılmaz, Hasan Yaşar, Elif Özsu, Zehra Aycan, Zeynep Şıklar *Ankara University Faculty of Medicine, Department of Pediatric Endocrinology, Ankara & Özel Gelişim Medical Laboratory, Istanbul, Türkiye*
B10	13:15–13:20	**Clinical Characteristics and Genetic Diagnoses in Cases of Undescended Testis** Gökçe Velioğlu Haşlak, Muhammed Furkan Yücer, Olcay Evliyaoğlu *Istanbul University-Cerrahpaşa, Cerrahpaşa Faculty of Medicine, Division of Pediatric Endocrinology, Istanbul, Türkiye*
B11	13:20–13:25	**Effect of Continuous Glucose Monitoring on Health-Related Quality of Life and Glycemic Control in Children with Type 1 Diabetes** Kürşat Çetin, Yasemin Funda Bahar, Ali Tırtar, Hale Tuhan, Mesut Parlak *Akdeniz University Faculty of Medicine, Department of Pediatric Endocrinology, Antalya, Türkiye*
B12	13:25–13:30	**Micronutrient Deficiencies in Children and Adolescents with Obesity and Their Relationship with Glucose Metabolism** Meltem Buhur Pirimoğlu *Erciyes University Faculty of Medicine, Division of Pediatric Endocrinology, Kayseri, Türkiye*
