ORAL PRESENTATION PROGRAM — Presenting Authors

1st TAPES International Scientific Conference · Current Approaches in Pediatric Endocrinology

27–28 November 2026
Holiday Inn Baku

34 presentations · presenting (first) author, institution, city and country · **Türkiye** 22 · **Uzbekistan** 6 · **Azerbaijan** 5 · **Northern Cyprus (KKTC)** 1

#	No	Time	Presenting author	Institution / Presentation title	City	Country
DAY 1 · Friday, 27 November 2026						
1	A1	14:20–14:27	**N.M. Mammadova**	Azerbaijan Medical University, Department of Pediatric Diseases II *Comparative Analysis of Type 1 Diabetes Mellitus in Children*	Baku	Azerbaijan
2	A2	14:27–14:34	**Gunduz Ahmadov**	Azerbaijan Medical University, Department of Pediatric Diseases II *Real-World Continuous Glucose Monitoring with the Anytime 5 System: On-Target GMI May Mask Hypoglycaemia in Type 1 Diabetes*	Baku	Azerbaijan
3	A3	14:34–14:41	**Fatma Özgüç Çömlek**	Selçuk University, Faculty of Medicine *Evaluation of Fatty Liver in Adolescents with Hashimoto's Thyroiditis Using Ultrasound Attenuation Scores: A Prospective Study*	Konya	Türkiye
4	A4	14:41–14:48	**Shakhrizada Sultanova**	Republican Specialized Scientific and Practical Medical Center of Endocrinology *Hereditary Disorders in Patients with Cryptorchidism: Clinical and Genetic Aspects*	Tashkent	Uzbekistan
5	A5	14:48–14:55	**Shakhrizada Sultanova**	Republican Specialized Scientific and Practical Medical Center of Endocrinology *Timing of Orchidopexy in Cryptorchidism and Long-Term Testicular and Spermatogenic Outcomes*	Tashkent	Uzbekistan
6	A6	14:55–15:00	**Zulfiyya Kazimzade**	Republican Pediatric Center, Narimanov Children's Clinical Hospital *Epidemiology of Type 1 Diabetes in Children in Azerbaijan: Trends from 2017 to 2025 and Projections for 2026–2030*	Baku	Azerbaijan
7	B1	14:20–14:25	**Özge Kaynar Sidimi**	Istanbul University-Cerrahpaşa, Cerrahpaşa Faculty of Medicine *Beyond the Initial Diagnosis: Clinical Clues, Diagnostic Challenges, and the Impact of Molecular Diagnosis in Pediatric MODY*	Istanbul	Türkiye
8	B2	14:25–14:30	**Ibrahim Dikmen**	Ankara University Faculty of Medicine *Characteristics of Children Presenting with Diabetic Ketoacidosis and Evaluation of Diabetic Ketoacidosis Acute Complications*	Ankara	Türkiye
9	B3	14:30–14:35	**Ayşe Karadağ**	Bingöl Training and Research Hospital *Lipid Profile in Children and Adolescents with Type 1 Diabetes: Relationship with Glycemic Control and Diabetes Duration*	Bingöl	Türkiye
10	B4	14:35–14:40	**Neşe Akcan**	Near East University, Faculty of Medicine *Childhood Obesity and Urine Chemistry: Uncovering Early Clues to Stone Formation*	Nicosia	Northern Cyprus (KKTC)
11	B5	14:40–14:45	**Şükriye Tuğçe Çelebi**	Mardin Training and Research Hospital *Can Mid-Upper Arm Circumference Predict Insulin Resistance and Dyslipidemia in Children and Adolescents with Obesity?*	Mardin	Türkiye
12	B6	14:45–14:50	**Kamola Kalanxodjayeva**	Tashkent State Medical University *Clinical and Laboratory Characteristics of Children with Growth Hormone Deficiency in the Republic of Uzbekistan*	Tashkent	Uzbekistan
13	B7	14:50–14:55	**Emine Kaygı**	Erciyes University Faculty of Medicine *Height SDS 'Catch-Down' During GnRH Analogue Treatment in Central Precocious Puberty and Achievement of Target Height*	Kayseri	Türkiye
14	B8	14:55–15:00	**Zhala Abdullayeva**	Ankara University Faculty of Medicine *Evaluation of Metabolic Health Indicators in Children Diagnosed with Congenital Adrenal Hyperplasia*	Ankara	Türkiye
DAY 2 · Saturday, 28 November 2026						
15	A1	12:30–12:37	**Seçil Çakır Gündoğan**	Ankara Etlik City Hospital *An Overlooked Finding in Children Presenting with Elevated TSH: Iodine Deficiency*	Ankara	Türkiye

#	No	Time	Presenting author	Institution / Presentation title	City	Country
16	A2	12:37–12:44	**Mert Uçar**	Istanbul University-Cerrahpaşa, Cerrahpaşa Faculty of Medicine *Clinical Characteristics and Long-Term Outcomes of Pediatric Graves' Disease: A Single-Center Experience*	Istanbul	Türkiye
17	A3	12:44–12:51	**Aynura Aliyeva**	Erciyes University Faculty of Medicine *Evaluation of Clinical, Hormonal, and Treatment Characteristics in Pediatric Prolactinoma Cases: A Single-Center Experience*	Kayseri	Türkiye
18	A4	12:51–12:58	**Ebru Gök**	Kayseri City Training and Research Hospital *Clinical, Laboratory, and Cranial MRI Characteristics and Evaluation of Post-Treatment BMI and BMI SDS in Girls Diagnosed with Central Precocious Puberty: A Single-Center Experience*	Kayseri	Türkiye
19	A5	12:58–13:05	**S.M. Nasirova**	Azerbaijan Medical University, Department of Pediatric Diseases II *Examination and Treatment of a Patient Diagnosed with Adrenogenital Syndrome, Virilizing Form*	Baku	Azerbaijan
20	A6	13:05–13:12	**Rabia Çoban**	University of Health Sciences, Bakırköy Dr. Sadi Konuk Training and Research Hospital *Clinical Spectrum and Inheritance Patterns in IPPSD2 and IPPSD3: A Single-Center Experience*	Istanbul	Türkiye
21	A7	13:12–13:19	**Yayra Abdullaeva**	Tashkent State Medical University *Performance of a Large Language Model on Pediatric Endocrinology Test Questions Across Common Disorders*	Tashkent	Uzbekistan
22	A8	13:19–13:26	**Ilayda Altun**	Istanbul University-Cerrahpaşa, Cerrahpaşa Faculty of Medicine *HbA1c Changes Following Reimbursed Sibionics Use in Türkiye and Associations with CGM Metrics Across Different Reporting Periods*	Istanbul	Türkiye
23	B1	12:30–12:35	**Yasemin Kınalı Çetin**	Ankara Training and Research Hospital *Immunological Abnormalities in Children with Autoimmune Endocrine Diseases: Association with Multiple Autoimmunity*	Ankara	Türkiye
24	B2	12:35–12:40	**Shahri Khudiyeva**	Istanbul University, Istanbul Faculty of Medicine *MASLD in Adolescents with Obesity: Combined Evaluation of Central Adiposity, Dyslipidemia, and Genetic Susceptibility*	Istanbul	Türkiye
25	B3	12:40–12:45	**T.T. Panakhova**	Azerbaijan Medical University, Department of Pediatric Diseases II *Endocrine Comorbidity in Children with Bronchial Asthma*	Baku	Azerbaijan
26	B4	12:45–12:50	**Saliha Ahmetoğlu**	Kanuni Training and Research Hospital *Inhibin A and Inhibin B in Predicting the Pubertal LH Response in Girls*	Trabzon	Türkiye
27	B5	12:50–12:55	**Saliha Ahmetoğlu**	Kanuni Training and Research Hospital *IGF-1 and IGFBP-3 Cut-off Values for Predicting Pubertal Activation in 6–8-Year-Old Girls with Tanner Stage 2 Breast Development and Their Relationship with Gonadotropins, Estradiol and DHEA-S: A Retrospective Evaluation*	Trabzon	Türkiye
28	B6	12:55–13:00	**Shakhrizada Sultanova**	Republican Specialized Scientific and Practical Medical Center of Endocrinology *3β-Hydroxysteroid Dehydrogenase Type 2 Deficiency: Clinical and Genetic Characterization and Prenatal Diagnosis in a High-Risk Family*	Tashkent	Uzbekistan
29	B7	13:00–13:05	**K.I. Khalmatova**	Republican Specialized Scientific and Practical Medical Center of Endocrinology *Solid Right Adrenal Mass with Antenatal Presentation: Challenges in Differential Diagnosis*	Tashkent	Uzbekistan
30	B8	13:05–13:10	**Ertuğrul Sancak**	Selçuk University, Faculty of Medicine *Contribution of Four-Dimensional Computed Tomography in the Localization of Parathyroid Lesions in Pediatric Primary Hyperparathyroidism*	Konya	Türkiye
31	B9	13:10–13:15	**Ibrahim Dikmen**	Ankara University Faculty of Medicine *A Diagnostically Challenging Case of Pseudohypoparathyroidism Type 1B: Endocrine Awareness in Bone Cysts*	Ankara	Türkiye
32	B10	13:15–13:20	**Gökçe Velioğlu Haşlak**	Istanbul University-Cerrahpaşa, Cerrahpaşa Faculty of Medicine *Clinical Characteristics and Genetic Diagnoses in Cases of Undescended Testis*	Istanbul	Türkiye
33	B11	13:20–13:25	**Kürşat Çetin**	Akdeniz University Faculty of Medicine *Effect of Continuous Glucose Monitoring on Health-Related Quality of Life and Glycemic Control in Children with Type 1 Diabetes*	Antalya	Türkiye
34	B12	13:25–13:30	**Meltem Buhur Pirimoğlu**	Erciyes University Faculty of Medicine *Micronutrient Deficiencies in Children and Adolescents with Obesity and Their Relationship with Glucose Metabolism*	Kayseri	Türkiye
